**9. Do you have any additional comments that could help us better serve you?**

**Franklinton:**

- We need recycling containers HERE! We have to go to Hill Top to recycle!
- Recycle drop off collection at Dodge like at station #17 on hilltop. None in Franklinton?
- Address crime and abandoned houses. A house in my neighborhood has been empty for as long as I have lived at my house. How long? 13 years.
- I am so happy this came to our neighborhood. It was a lot of fun.
- Please help out with the check cashing problem.
- Fix the alley behind 109 Meek, 20 potholes.
- Can anyone please help with Bellows Ave School?
- Never even know you guys were here. I wish we would have. Get tired of seeing people in the neighborhood standing on the street to use the bathroom.
- Need to see more police on drugs, selling on corners or Gift Street and Cherry Alley.
- I would like to see our Hiltonia neighborhood. As there are a couple of homes turn down as a grandmother I worry about school safety for my kids.

**Weinland Park:**

- Could you bring Neighborhood Pride across High St?

- Could you bring Neighborhood Pride to the area on the other side of High St?
- Take stealers to jail
- I don't live in Weinland Park, I go to OSU though am here for support
- Can we do all neighborhoods, including Pickerington and Reynoldsburg soon?
- Weinland Park needs a parking solution! Residents are being pushed out by construction workers and teachers- land lords can not park to repair residences. It will become much worse when the Child Development center opens. This issue needs to be addressed, not ignored.

#### **Clintonville:**

- traffic calming, help clean up alleys
- Why are some activities, such as the cookout, during the day when many people are at work?
- I did notice more police
- More attention on the alley! Please run the street sweeper in the alleys. Please also inspect cans more frequently. Citations to homes that have excessive trash and weeds would assist.
- I live near Como Park... Crack down on dog owners who do not clean up after their pets
- There is a homeless situation in the Glen Echo Ravine from the Calumet Bridge-East and West, a lot of trash, a couple of fires, (Saturday May 26 4:00 p.m.) - and Tuesday smell awareness of smoke -fires- on a regular basis. Bridge behind the Glen Echo Presbyterian Church and the Calumet Christian school parking lot.- Property taxes are killing fixed income citizens, especially when some people, geographical areas, are getting up to 15% tax abatement. For me personally, that would equal about \$60,000. If the intent is to keep people in their homes, would you consider helping those of us in this financial situation stay in our homes. This is our preference.- The police liaison does not respond or return phone messages.

#### **Southside CAN:**

- The issue with the intersection of Whittier and Lockbourne. Would like trash cans at all bus stops at Whittier. Site stores for not cleaning up trash on property. Would like to see streets cleaned more often. Trash litter signs, fines for trash, more commercials on billboards.
- Wasn't aware of this until today- grandson practicing football
- Thank you!
- Generate more programs for teens to develop skills and trades eg. Construction, clean streets, mow lawns of abandoned homes etc., To encourage morale and self-esteem.
- Enable parents to involve children in recreational activities at an affordable cost and safe travel to and from. Generate more hands on programs for children/ teens to develop skills to prepare for job world.
- I would like to see an end of putting sexual predators over here, in the southend. There are too many children here for these child molestors to be around. Abandon homes/ high grass/ litter/ crimes/gangs/ and drugs
- The back alleys need cleaned up. Stop the fighting on the Livingston bus stop. Clean up these buildings! Cut grass.
- Get rid of sexual predators

- keep up the good work
- my home is not in the pride community boundaries

### **Walnut Heights:**

- I was impressed with the professionalism and courtesy of the staff. They showed good team work. This has been a great service to this community and the city! This was a wonderful opportunity to meet my neighbors and city employees. Please, keep up the good work!
- We have to reach our teenagers!
- The Mayor's pride week program is a good way to get communities to start caring for their neighborhood. It is an excellent program
- People should have to cut their tree if it is mostly on their neighbors yard. Thank you.
- Some sidewalk corners in bad need of repair
- Thank you to all the city employees
- It has been great to be involved and see so may coming and participating in this week. All the displays have been great! Thank you!
- Great!
- Please continue positive direction for city as well as community
- A good idea I hope it works
- I've seen the neighborhood go down in past 5 yrs or so! I would like to see more policing in the area. Crime and drugs has increased
- Please continue to respond when neighbors call with issues such as trash, unruly animals etc. Please, be aware that each persons time is valuable. It is a huge distraction when the person we come to hear is late.
- Keep up the good work
- Columbus Police should have email so photo's of suspicious people/cars/events etc. can be emailed to them. The email address should be well advertised.
- Thanks, look at San Antonio, TX's Riverwalk.

### **Driving Park:**

- The back alley between Geers Ave and Seymore need to be pavement. There are lots of water in the alley. You have to step in the water to get to the dumpster. Curbs are broken in half. I have lived on Geers Ave for 18years and the curbs are the same. We also promised bumps for our street four years ago. Need light in all back alleys to take trash out at night
- keep up the good work
- maybe next year more banners and flyers could be put up to notify the neighborhood of Pride Week
- Keep up Neighborhood Pride
- Get the prostitutes and Johns off the street
- When can the property at Whittier and Lockborne be cleaned up? Where the service station use to be.

## **Neighborhood Groups, Schools, Agencies and Churches**

Strong, successful partnerships are at the heart of Neighborhood Pride's success. Like our Pride Partner businesses, Area Commissions, Civic Associations, schools, other government agencies and churches were actively engaged in Neighborhood Pride in 2007.

We extend our deepest appreciation to these organizations and their members who invested time, hard work and demonstrated a commitment to make our neighborhoods the best places to live, work and raise a family.

## Neighborhood Pride – Beautiful Home Awards

Proud, diligent homeowners are the heart of strong, safe neighborhoods and a vibrant city. Our homes reflect an investment in family and neighborhood, and exemplify the spirit of Mayor Michael B. Coleman's Neighborhood Pride program – that each resident can make a positive difference in their neighborhood.

The Neighborhood Pride Beautiful Home Awards programs recognize a few of the beautiful homes in each Neighborhood Pride area. The neighborhood leaders nominate homes that they feel are deserving of this award. The winners receive a window sticker made possible by Excel Management Systems and a certificate of recognition signed by Mayor Coleman.

## **Neighborhood Pride Talent Search**

**Participating Schools:** Starling Middle, Indianola Middle, Dominion Middle, Southmoor Middle, Yorktown Middle

Mayor Coleman's Neighborhood Pride program started the Neighborhood Pride Talent Search to outreach to talented Middle School aged students and provide them with opportunities to get more involved with their neighborhood and the Columbus Arts community at large.

In each of the six Pride areas, a servicing Columbus Public Middle School will select up to six students from either their talent show or classrooms in the following categories:

- **Instrumental Music**
- **Vocal Music**
- **Dance**
- **Acting**
- **Comedy (stand-up)**
- **Poetry / Spoken Word**

The selected students will be required to agree to work with their community for service hours. In exchange, Neighborhood Pride Partners in the Columbus arts community offers classes, seminars, and mentoring opportunities to the students. In December, the students will represent their school and neighborhood at an event at the King Arts Complex for the Neighborhood Pride Holiday Gathering.

## **Neighborhood Pride Mini Prides**

In 2007, the Neighborhood Pride program developed “Mini Prides” with the intent of bringing the Neighborhood Safety Program and Bicycle Safety Festival to the 2000 and 2001 Neighborhood Pride Areas. The “Mini Prides” grew into a one day event that featured an Animal Clinic supported by Columbus Public Health, a Bicycle Safety Festival, an Ice Cream Social and a Neighborhood Safety Academy. The four events were held at Recreation Centers at the four corners of the City (North, East, West, South). Marketing for the events was a grassroots approach working with the Civic Associations, Blockwatches and Area Commissions of the Past Pride areas.

## **Partnerships For America's 21<sup>st</sup> Century City**

In 2007, Huntington Bank participated in Neighborhood Pride by donating money for lunch.

There were no house projects with the bank partners between April, 2007 – October 2007.

Huntington Bank selected a home in the Driving Park Pride area to work on in October, but due to the weather had to postpone the project until Spring 2008.

## **Rebuilding Together Columbus**

The City began to work with Rebuilding Together Columbus to pilot a program to help elderly homeowners in the Pride Neighborhoods make repairs to their house. In 2007, Rebuilding Together Columbus has served **11** homes in and around the Neighborhood Pride areas. **3** of these homes were completed using CHORES dollars. *Please note that Rebuilding Together uses a calendar year of June to July.*

Columbus Public Health Healthy Places program is conducting walkability studies in the 2007 Neighborhood Pride areas. The goals of the walkability study are to increase neighborhood residents walking in their neighborhood and to identify destination places that are within walking distance.
